

HIPPOtrip

July 7th 2020 July 11th 2020

We do what no one else can, allowing you to **explore Lisboa from land and river during a laughter-filled adventure** that redefines the city tour experience. Learn about the rich history and culture of Portugal's capital in a fun and easily digestible way, while enjoying the thrill of plunging into the Tagus River "in a bus" ... you'll love it!

Prepare to be entertained by our lively animators, who will share myths, legends and curiosities during an entertaining ~90 minute show full of positive energy and passenger interaction. It's all about fun and laughter. Don't expect a "traditional" sightseeing tour with a "traditional" guide, but rather a memorable experience that will leave you shouting out loud... Hippo, Hippo, Hooray!!!
